

Allergy Testing Important Information

- For accurate results, you must be off all antihistamines for 7 days prior to testing. Please review our Pre-Allergy Testing Medication Sheet for further guidance.
- The test will be performed on your arms, please wear a short sleeved top the day of testing.
- Please allow 1 ½ hours in our office to complete the test.
- Patients taking Beta Blockers *cannot* be skin tested. Please review our Pre-Allergy Testing Medication Sheet and contact us if you are taking a Beta Blocker so that we can schedule another form of testing for you.
- There are no restrictions of food or beverages prior to testing. You will be able to drive yourself home and resume your normal activities.
- A follow up appointment with your ENT will be scheduled to review your results.

If you would like to verify your insurance benefits before your appointment, the codes are as followed:

- Allergy test codes: 95004 & 95024 Diagnosis code: J30.1
- Pulmonary function test (PFT) codes: 94010 & 94060 Diagnosis code: J45.991

Should you have any further questions, please contact our office by calling 985-327-5905.
